3. Bluetooth Pairing

Before using this product for the first time, please fully charge the earbuds.

● Wearing earbuds

1. Please accurately identify L, R earbud, and stuff the earbud to the ear.
2. Slightly rotate the earbuds to a position where you feel comfortable, and try to shake your head to make sure the earbuds don't fall off easily.

● Pairing your Buds+ Together

Take the two earbuds out of the Charging Case and wear them, the two earbuds will automatically turn on and pair, After the "Stereo connected" is heard, the pairing is successful.

● Bluetooth connection

Bluetooth connection between earbuds and phone.

After removing earbuds from case and allowing up to 10 secs to pair, turn on the Bluetooth function of the phone and search for the device, find the Bluetooth name "BUDS PLUS" and select the connection, waiting to hear the prompt "Stereo connected". At this point, you can play music, Phone Call and other operations on the Buds+.

For each future use, The Buds+ will be automatically paired with this phone.

If only one Bud plays music, please delete the pairing from your phone, allow the Buds time to pair together (you will hear a beep) and then try re-pairing with phone

● Charge the Charging Case

Charge the Charging Case via the USB Port (Type C).

The Case LED blinks red when the charging case is charging, and will stop blinking when the battery is full.

Warning: *While not using the Buds+ for more than 6 months, please remember to recharge the Charging Case.*

● Charge the Earbud

Insert the L and R earbuds into the corresponding holes of the Charging Case, the Case LED is bright blue, The earbuds will automatically connect the charging points and begin charging.

Press M to wake up/stop charging the Earbuds in the charging Case.

The Earbud LED is red when charging. When the battery of earbuds is topped up, the Earbud LED is off.

Technical Specification

Chipset	Bluetrum 5656
Paired name	BUDS PLUS
Bluetooth	Version 5.0
Supported Protocol	HSP/HFP/A2DP/AVRCP
Bluetooth frequency	2.40 - 2.48 GHZ
Transmission distance	10m
Sounding unit	Ø10mm speaker * 2pcs
Frequency Response	20Hz - 20KHz
Speaker impedance	32Ω
Speaker sensitivity	107dB SPL ± 3dB
Microphone sensitivity	- 42db ± 2db
Battery Type & Capacity	3.7V Li-Polymer Rechargeable 40mAh for earbud * 2pcs 200mAh for charging case
Charging voltage	5V  1A (USB Type C)
Listening time on a single charge	2.5-3 hours
Listening time with charging case	About 10 hours
Charging time	About 1.5 hours
Dimension	61*46*22mm
Weight	42g
